Prestige Nursing + Care to speak at Residential and Home Care Show

[Prestige Nursing + Care](#), one of the UK's most established private nursing care and support care agencies, is to host two sessions at the upcoming Residential and Home Care Show.

Jonathan Bruce, Managing Director at Prestige Nursing + Care, will discuss domiciliary care and the future of the market. Additionally, Sue Jones, Admiral Nurse at Prestige Nursing + Care will provide an overview on how Admiral Nursing can improve client outcomes in a private home care service. It is the first time that Prestige Nursing + Care has appeared at the event.

Commenting on the upcoming Residential and Home Care Show, Jonathan Bruce said: "The two-day event is a chance for the industry to get together, to discuss best practice and to talk about the challenges and opportunities that the next 12 months and beyond provide.

"The industry is undoubtedly facing challenges, but this event is a chance to take stock, and look to the future."

Discussing her speaking slot, Sue Jones added: "More and more people are being diagnosed with dementia each day and as an industry we need to ensure that we are meeting the needs of these people – and their families. I am looking forward to speaking about my role as Admiral Nurse and showcasing how I work at Prestige Nursing + Care."

The [Residential and Home Care Show](#) takes place on 26-27 June 2019 at the ExCel Centre London. Prestige Nursing + Care can be found at stand H38.
